Welcome to this edition of the Evolve Theatre What's On guide!

On behalf of everyone at Dudley College of Technology, I'd like to wish you a very warm welcome to this Spring 2024 edition of our Evolve Theatre What's On Guide. It may be a little chilly outside at the moment, but things in our theatre are heating up nicely!

First up, we're bringing a taste of 1980s New York to Dudley with the critically-acclaimed musical revue, *A...My Name is Alice*. This fantastic show features more than 20 sketches and songs which are sure to resonate with you.

Or, if the intrigue and allure of infamous villains is more your thing, then prepare to be swept away in a fog of mystery in our wickedly wonderful new show, *Dastardly Divas and Demons*.

Finally, our Nova dance show promises to take you on an interstellar journey through new musical galaxies, while the hilarious goings-on in comedy murder mystery, *Biddies' Borstal*, will have you laughing on the edge of your seat. See you there!

Simon Muttitt,
Performing Arts Curriculum Manager,
Dudley College of Technology
